

Privacy Policy for PromptBand

Effective date: December 26, 2025

PromptBand ("we", "our", or "us") explains here what information we handle when you use the PromptBand ChatGPT app and how it is used.

1. Information we process

PromptBand only processes (and may transiently log) the information explicitly passed to our MusicXML generation tool. This can include notes, chords, tempo, tuning, time signatures, and related music-theory content.

We do not intentionally collect:

- Names or usernames
- Email addresses
- IP addresses
- Precise location data
- Payment or billing information
- Advertising identifiers

2. How we use tool input

Tool input is used only to:

- Generate MusicXML output (score or tablature) from the provided input
- Return the generated notation/audio-ready data to the user
- Maintain reliability and prevent abuse (limited operational logging)

3. Data storage and retention

PromptBand does not store tool input as part of a user profile. Any operational logs, if kept, are limited to what is necessary to operate and secure the service and are retained only as long as needed.

4. Sharing

PromptBand does not sell or rent tool input. We do not share tool input with third parties for advertising or behavioral tracking.

5. Cookies and tracking

PromptBand does not use cookies, tracking pixels, or third-party analytics in the tool itself.

6. Children's privacy

PromptBand is not directed to children under 13, and we do not knowingly collect personal information from children.

7. International use

Tool input may be processed in jurisdictions different from your own solely to generate the requested MusicXML output.

8. Changes to this policy

We may update this Privacy Policy from time to time and will revise the effective date above when we do.
